Journal Fisheries Résearch Board Canada

The Journal of the Fisheries Research Board of Canada has been published continuously since 1901, previously as Contributions to Canadian Biology 1901–1925, Contributions to Canadian Biology and Fisheries, 1926–1934, and Journal of the Biological Board of Canada, 1934–1937. The Journal is published in annual volumes of twelve numbers.

The Journal is devoted to original research papers and notes concerning aquatic organisms or environments relevant to Canada. Review articles that are critical appraisals of broad areas of research are also welcomed. Submissions in English or French are accepted without limitations as to origin, but must not have been published or copyrighted. Details on submissions are given in guides to authors and typists at the back of each issue.

A charge of \$30.00 per page is made for articles published. The change in format of this volume increases the printed matter per page by about 40 percent, and is reflected in the altered page charge. When submitting a manuscript, an author should state that his institution will accept this charge.

Subscription rates to the *Journal* are: Canada, United States, Mexico, \$12.00 per year; other countries, \$13.50. Single issues are \$1.25 and \$1.50 respectively. Orders must be sent directly to Information Canada, Ottawa, Canada, K1A 0S9.

Le Journal of the Fisheries Research Board of Canada a été publié sans interruption depuis 1901, sous les noms suivants: Contributions to Canadian Biology de 1901 à 1925, Contributions to Canadian Biology and Fisheries de 1926 à 1934, Journal of the Biological Board of Canada de 1934 à 1937 et finalement le nom qu'il porte présentement. Le Journal paraît annuellement en un volume comprenant douze numéros.

Le Journal est consacré aux études sur des recherches originales et aux notes concernant les organismes et les environnements aquatiques pertinents au Canada. Des critiques concernant des ouvrages généraux sont aussi appréciés. Des soumissions en anglais ou en français sont acceptées sans limitations d'origine, sauf si elles ont déjà été publiées ou déposées. Des détails sont fournis dans les guides à la fin de chaque numéro.

Les frais sont de \$30.00 par page pour la publication des articles. Le nouveau format de ce volume permet d'augmenter de 40 pour cent le nombre de caractères imprimés par page, ce qui justifie les nouveaux frais de publication de page. Quand un auteur soumet un manuscript, il doit spécifier que son institution accepte les frais.

Les frais de souscription au Journal sont: au Canada, aux Etats-Unis et au Mexique, \$12.00 par année; autres pays, \$13.50. Une seule copie se vend \$1.25 et \$1.50 respectivement. Les commandes doivent être envoyées directement à Information Canada, Ottawa, Canada K1A 0S9.
